

PES ART MONTHLY NEWSLETTER

Hi Parents!

Remember to send your child in play clothes on their art day! With the use of paint and other materials it is best to be properly dressed for the potential mess.

Welcome back to school as we start our 2021/2022 school-year. So far it has been busy and a blast!

We have completed our Dot Day projects and printmaking projects in all of our grades. A few things we are working on in the upcoming month are:

Kindergarten is working hard on their collage flag artwork. This project incorporates fine motor skills of tearing paper in equal sizes as well as creating a pattern based on the American flag stripes.

First and Second grade are creating beautiful tie-dye inspired paper to be the base of our starlit pumpkin patch artwork. Stay tuned as we update on this beautiful mixed media project.

Third, Fourth, and Fifth grade are creating Yayoi Kusama inspired contrasting color pumpkins. Students have been asked to select a brightly colored paper and design a dotted pumpkin based on the artist's work.

Thanks and check back in next month for more updates!
